

Set MapView Scale

1	Replace the project title
	<title>Set Map Scale</title>
2	In the script tag, remove the zoom property and insert a scale property with value 50000.
	<pre>myMapView = new MapView({ container: "map1", map: myMap, center: [-122.4479, 37.7531], scale: 50000 });</pre>
