1	Replace the project title
	<title>Display Coordinates in a Popup</title>
2	Remove step-5 code and insert code for opening MapView popup
	<pre>myMapView.on("click", function(e) {
        myMapView.graphics.removeAll();
        myMapView.popup.open
        ({
            location: e.mapPoint,
            title: "This Point Coordinates are:",
            content: "Latitude is: "+ e.mapPoint.latitude.toString() + " " + "Longitude is: "+
e.mapPoint.longitude.toString()
        });

    //1-
    var myPoint = e.mapPoint;

    //2-
    var myMarkerSymbol = new SimpleMarkerSymbol({
        size: 18,
        color: [184, 4, 84],
        outline: {
            color: [219, 219, 219],
            width: 3
        }
    });
    //3-
    var myGraphic = new Graphic({
        geometry: myPoint,
        symbol: myMarkerSymbol
    });
    //4-
    myMapView.graphics.add(myGraphic);

    });</pre> |
