1	Replace the project title
	<title>Retrieve MapView Extent</title>
2	Add code to the script tags for adding MapView on-Click listener to retrieve mapView extent and display the data to an alert view.

	myMapView.on("click", function() {
	
	    alert(" The current mapView extent are: xmax: "+ myMapView.extent.xmax + "xmin: " + myMapView.extent.xmin
	    +" ymax: " + myMapView.extent.ymax+" ymin: " + myMapView.extent.ymin);
	
	       });
